# Manual for use of OZT378

## Product description:

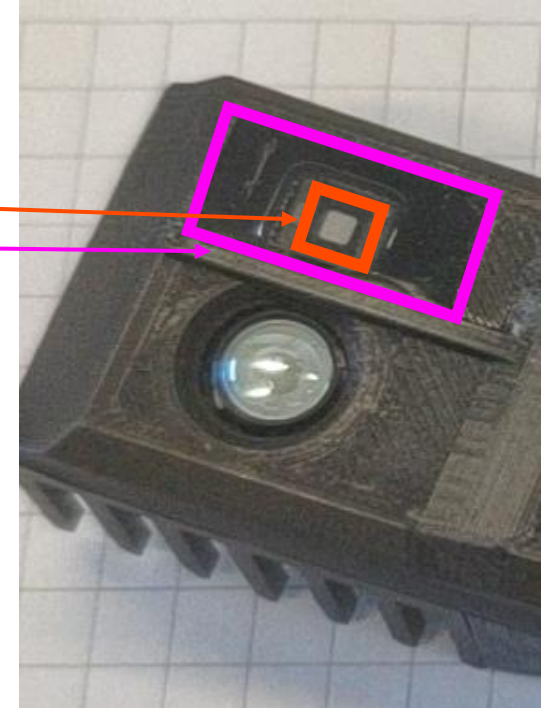

- Laser Class 1 product
- laser aperture with diffusor (orange)
- cover glass (pink)

## Before using product:

- Check if diffusor (orange) or cover glass (pink) is damaged, broken or missing!
- If the diffusor or cover glass is broken, laser emission can exceed laser class 1 and there is the risk of damage to the skin and eye. Do not use the module if the diffusor or cover glass is damaged, broken or missing!
- Do not use the module under vibration and shock

## Using the product:

- Connect the module via USB cable to the computer
- Run the royale viewer software
- Do not stare into the direction of the laser aperture with highly magnifying optics!

front part of module including laser aperture (orange) and protection cover glass (pink).
